

RAINDROP THERAPY THE ESSENTIAL OILS SERIES

Presented by : Sister Rosalind Gefre Schools of Massage
Instructor: Michelle Kitsmiller, LMT

Saturday February 28, 2009
9:00am-1:00pm

(You must have completed the Essentials of Essential Oils Training prior to taking the afternoon seminar)

Course Description: Raindrop Technique

Raindrop Therapy Technique was developed by Dr. Gary Young during the 1980's based on his research with essential oils and antimicrobial agents, and prompted by information he learned from an elder among the Lakota Indian Nation in South Dakota. Raindrop Therapy is a powerful, non-invasive tool for assisting the body in correcting defects in the curvature of the spine by utilizing the antiviral, antibacterial, and anti-inflammatory action of several key essential oils. Workshop participants will use the essential oils involved in their properties.

Pre-Req: Essentials of Essential Oils

****Participants will need to bring their own set of sheets & 2 Hand towels**

Instructor Bio: Michelle Kitsmiller, CMT

Michelle is a 2001 graduate from Sister Rosalind's Fargo campus. She was self-employed in Fargo for 3 years working with chronic pain patients until moving to the twin cities in 2004 to began working in Sister Rosalind's Highland Wellness Clinic. Michelle has also assisted in teaching in Fargo in the muscular therapy classes and is attending graduate school for acupuncture and oriental medicine (graduating in August 2009). She started using Young Living oils when Sister Rosalind's introduced them in 2007 and has been utilizing them in both the clinic and in personal use.
